

REMARKS

Applicants request amendment of this application even though a Notice Of Allowance has been issued. This Amendment is being filed with payment of the issue fee.

The proposed amendment of the specification adds the U.S. patent number of the parent application, which was not known at the time this application was filed. The proposed amendment will not require substantial additional work on the part of the U.S. Patent and Trademark Office.

Accordingly, applicants respectfully request that the proposed amendment of the specification be entered.

Respectfully submitted,
